LAPRAIK LEAVES MANCHURIA TO TAKE COMMAND OF NILE

New Chief Officer In Liner and Several Promotions Follow —Captain Johnson III But Expects to Resume Command of Wilhelmina Next Voyage—Mauna Kea In and Out Again for Hilo—Hall and Claudine Here With Island Products—Thomas Due This Afternoon.

The Pacific Mail liner Manchuria took her place at Alakea wharf this morning, five days and eighteen hours from San Francisco with several new officers added in the official staff. Chief Officer G. S. Lapraik, one of the best trained navigation officers in the Mail service, was left behind, as he is to take over the command of the intermediate steamer Nile on the next voyage from the coast.

Captain Lapraik holds both American and British papers and is in line for well-merited promotion as he has been identified with the company for many years. Previous to entering the Pacific Mail line, Captain Lapraik was connected with the Nippon Yusen Kaisha in a similar capacity.

Captain C. H. Cross, of the Dollar steamship line, has assumed the duties of first officer in the Manchuria. J. Ball, who has been storekeeper in the Manchuria for some time past, has been promoted to freight clerk.

The Manchuria is to remain at Honolulu until 5 o'clock this afternoon, when the liner will be dispatched for Japan ports.

Captain Dixon reports a fine trip down from the coast. The Manchuria while bringing a fair list of passengers for this port, will depart with a corporal's guard of travelers for the remainder of the long voyage across the Pacific.

Arriving this morning were 108 cabin, 14 second class and 65 steerage passengers, of which 58 cabin, 6 second class and 2 steerage left the vessel at Honolulu.

A cargo of thirty-five hundred tons was placed aboard at San Francisco. During the stay of the liner at Honolulu 500 tons will be discharged.

Fright for this port includes a wide variety of merchantable, there being groceries, 1500 bags bone meal, hardware, 1600 bags barley, 200 bags flour, 300 bags sugar and several packages sundries. According to a report from her officers, the steamer met with smooth seas and fine weather.

Zealandia Due Tuesday. According to late advices received at the agency of T. H. Davies & Co., the Canadian-Australian liner Zealandia, from Sydney, by the way of Auckland and Suva, will arrive at Honolulu next Tuesday morning. This vessel has been reported at Suva.

Rain Along Hamakua Coast. Rain prevailed along the Hamakua coast according to reports brought to Honolulu with the arrival of the Inter-Island steamer Mauna Kea. This vessel returned with a score of cabin passengers, and a small general cargo.

Kauai Sugar Report. According to report brought by the steamer W. G. Hall, the following sugar is awaiting shipment on Kauai: MAK 38,998, G&R 600, MeB 39,983, KKB 9600, RSM 356, KP 15,519, KSCo 3,000, LP 12,636, GP 17,715.

GOVT. TO DEVELOP OWN LEILEHUA WATER

The Wahiana Water Company's offer to build the waterworks for Leilehua in return for certain privileges is not accepted by the War Department.

That is practically what is behind cables orders received yesterday by Captain F. B. Edwards, constructing quartermaster, authorizing him to expend \$60,000 for a piping system from the Kaukonahua stream to the site of the permanent barracks. An engineer has been working on the plans for several months, and work can be started as soon as the pipe is purchased here. Some of the pipe plates will come from San Francisco, and this will cause a slight delay, as they must be bought by contract.

The Wahiana company made the government an offer to install the pipeline itself, and also a large power plant, which would cost in the neighborhood of \$200,000, and agreed to furnish all the water required by the government, and power at a nominal rate, if the surplus water might revert to the company. For some time this was under consideration, and on its face it looks like an advantageous offer, but recent investigations have convinced the Secretary of War that the water rights at Leilehua are of immense value, and that it will be better business for the government to stand the initial cost of the pipeline and then sell its own surplus. At least, the re-

ceipts from transhipment at Lehuanaipee will receive by S. S. Sierra, the very latest in fancy TAILORED LINEN SUITS; also ONE-PIECE LINEN DRESSES and LINGERIE WAISTS.

Captain W. W. Greene of breach-of-promises fame, incidentally master of the Chijo Maru, arrived in port with another heart on his string. The Chijo

DUKE GETS MEDAL FROM "PHILLY" FRIENDS

More good words for Duke, and the chances of his success at the Stockton Olympiad. This morning Lew G. Henderson received a letter from the secretary of the Philadelphia Swimming Club, dated May 28, as follows:

Dear Friend Henderson—Received

your letter of May 12, and was very

glad to hear from you. We gave the

big fellow a beautiful, solid gold

watch-medal, inscribed on the

back, "To Duke Kahanamoku, from

the Philadelphia Swimming Club,

and I tell you he is very proud of it.

I understand that last week, with

out fully extending himself, Duke

went 110 yards in 64 seconds, which

shows he is in good form. I expect

him to swim 100 metres in a minute

and Duke thinks he can do it straightaway.

I guess Kistler will have him fit, and

I expect for him to win the 100 metres

at Stockholm, Sweden.

Otto Wahle wrote me that the com-

mittee had selected Duke for the 100

metres without a trial, but would like

him to train for the 200 relay, provided

he is in good form. I expect him to

do it straightaway.

If you get on here in September I

will be glad to see you.

With best wishes, and hoping to

hear from you occasionally, I remain,

Fraternally yours,

JAMES H. STERRETT.
